The Top 10 Animal Rights Issues - ThoughtCo

The evolution of animal rights will most closely parallel that of children's rights. The point is to establish a legal principle that recognizes their interests in the legal setting. This does not require "an end to keeping any animal in captivity," just as rights for children to not require that they be allowed to run free or make decisions regarding their own care.

Should animals have rights? | Debate.org

Check out the online debate Animal Rights. It is moral for humans to recognize animal rights due to the following two contentions: animals can feel pain, thus it is immoral to infringe upon their well-being, as well as animal rights would not only benefit the animal world, but the human world as well.

Animal Rights Debate | The Scientist Magazine®

The unifying theme is provided by an emerging debate about the future direction of the animal protection movement, and, in particular, about the utility of using rights language as a means of achieving further progress.

11 Pros and Cons of Animal Rights - Vittana.org

Trying to understand and take on "animal rights" as a whole can be daunting. Many issues concerning animal rights are fluid and evolutionary, with legislative changes occurring every day at the state and federal level. For example, Grey2KUSA Worldwide announced on May 13, 2016, that Arizona became the 40th state to ban greyhound racing.
