program for the 747-100/-200/-300 (i.e., 747 Classic). Because the 747 Classic and 747-400 are structurally similar, Boeing and the industry decided to update the maintenance program for the 747-400 at the same time. The revised maintenance require-ments comply with industrywide maintenance practices developed by the Air Transport Association (ATA)

BOEING 737-800 TECHNICAL REVIEW - CHAPTER 1

Air Transport Association (ATA), windows (i.e., Chapter 56) were the 18th most significant cause of delay. Although ATA Chapter 56 covers all window-related delays, including those involving passenger cabin windows, it does provide an overall guideline for 737 flight deck windshields. (Data on system schedule interruptions for all
