## **Fundamentals of Business - Virginia Tech**

A functional organization groups together people who have comparable skills and perform similar tasks. This form of organization is fairly typical for small to medium-size companies, which group their people by business functions: accountants are grouped together, as are people in finance, marketing and sales, human resources, production, and research and development.

...

First comes the idea, then a bit of follow-through and, ideally, in the end you have a business. But if a company thrives, it's not because its founder filed all the right paperwork, got a P.O. box and had business cards made up. There's much more to building a successful business than those initial basics.
