Dräger Evita® Infinity® V500 - Draeger

Flocare Infinity pump sets are fitted with an anti-free flow device for optimal safety. This kind of device means there is no possibility of feed accidentally flowing through the set if it is not loaded correctly into the pump and the pump is working. For this reason it is not possible to gravity feed using the Flocare Infinity pump set.

Infiniti

The Evita Infinity V500 is a highly advanced ventilation unit for use in acute care respiratory support for adult, pediatric and infant use. Delivering high performance ventilation capabilities, comprehensive monitoring and effective treatment functions, the Evita Infinity V500 is the ideal choice for respiratory care clinicians and intensivists alike.
