Information Hiding: 11th International Workshop, IH 2009 ...

It is an honor and great pleasure to write a preface for this postproceedings of the 6th International Workshop on Information Hiding. In the past 10 years, the field of data hiding has been maturing and expanding, gradually establishing its place as an active interdisciplinary research area uniquely combining information theory, cryptology, and signal processing.

Information Hiding - First International Workshop ...

This workshop is one of the premier events in the area of multimedia security and attracts researchers from all over the world. The workshop focuses on information hiding topics, such as digital watermarking, steganography, steganalysis, anonymity, hard-to-intercept communications, and covert/subliminal channels.
