Post Conflict Development In East

East Asia is a region deeply affected by conflict. Colonial, ideological, and national wars have left their scars and legacies on regional, international, and national governance. Yet East Asian post-conflict development experiences have been viewed as remarkably successful. The three largest economies of East Asia, Japan, China, and South Korea, have all experienced dramatic growth but immediately prior to their periods of expansion, all experienced the devastating impacts of international ...

Her first project explored the politicization of 'rights talk' and women's subjectivities in post-revolutionary Iran, and resulted in the book, The Politics of Women's Rights in Iran (Princeton University Press, 2009). Her courses focus on human rights, refugee rights and identity, humanitarianism, post-conflict reconciliation, and ...

Arzoo Osanloo - Middle East Center

Donor countries in the Middle East and North Africa (MENA) including Saudi Arabia, Kuwait and United Arab Emirates (UAE) have been among the largest donors in the world. However, little is known about their contributions for health. In this study, we addressed this gap by estimating the amount of development assistance for health (DAH) contributed by MENA country donors from 2000 to 2017.
